EDUCATION

Sreyas Institute Of Engineering And Technology, Hyderabad

Nov 2021 – July 2025

Bachelor of Technology in Computer Science (Data Science) - CGPA - 7.75/10

Hyderabad, India

Sri Chaitanya Junior College

Apr 2021

Class XII: 96%

Hyderabad, India

St Josephs High School

Jan 2019

SSc Class X: 100%

Hyderabad, India

Experience

IPAGE UM SERVICES PVT LTD

Full Stack Developer

[19/10/2024 – PRESENT]

- Designed and developed an inventory management system for drone inventory, improving tracking efficiency by 30
- Built responsive user interfaces using HTML, CSS, and JavaScript for a seamless user experience.
- Implemented backend functionality with PHP to handle dynamic inventory data and streamline database management.

Outlier AI

Freelance AI Trainer (Remote)

- Trained AI models by analyzing and curating structured responses, increasing model accuracy by 25
- Provided detailed feedback on AI-generated outputs, refining algorithms for enhanced performance.
- Collaborated with teams to ensure high-quality AI datasets for machine learning projects.

Internpe

Web Development Intern

[July 2024 – Aug 2024]

- Developed and optimized web applications, improving load times by 15
- Debugged and resolved website issues to enhance functionality and user experience.
- Assisted in designing and implementing dynamic web features using modern frameworks and tools.

Projects

Netflix Clone Application

Technologies Used: HTML, CSS, JavaScript

Description: Created a fully responsive front-end clone of Netflix, focusing on UI/UX design and cross-browser compatibility.

Key Contribution: Enhanced website responsiveness and user experience by optimizing HTML and CSS for better load times.

Estimating Height, Weight, and BMI from Face Image Using Machine Learning

Technologies Used:

CNN, Python, TensorFlow, OpenCV, ResNet

Description: Developed a machine learning model to estimate height, weight, and BMI from facial images for health applications.

Key Contribution: Improved model accuracy by 10% using advanced CNN architectures and data augmentation techniques.

Technical Skills

Programming Languages: Python, Java, C, JavaScript, SQL, R, XML

Frameworks and Libraries: TensorFlow, ReactJS, OpenCV, Bootstrap, Flask

Tools and Technologies: Git, MongoDB, Linux, Docker, GitHub, Visual Studio Code, WEKA, RStudio, IntelliJ IDE

CERTIFICATIONS

- PYTHON CERTIFICATION
- CAREER ENCHANCEMENT PROGRAM BY TCS ION
- CAREER ESSENTIALS IN DATA ANALYSIS BY MICROSOFT AND LINKEDIN
- FOCUS ON CODE BY UNSTOP PLATFORM
